**RE: Michigan and Vermont Street Improvements
Temporary Loss of Driveway Access**

Dear Resident:

Construction of the Michigan and Vermont Street Improvements Project has reached the point where concrete work on Vermont Street is ready to begin. As part of this work, West Vermont Street from Wisconsin Avenue to Michigan Avenue will be closed to traffic for approximately one week. As part of this temporary road closure, **you will not have access to your driveway from Monday August 7 for approximately one week**, weather and other circumstances permitting.

We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Monday, August 7, 2023.

During this time:

- It is recommended to park your personal vehicles on Wisconsin Avenue north of where the water main work is taking place. Residents are asked to park outside of the work area during the day where parking is normally permitted. The work area consists of:
 - Wisconsin Ave – 40 feet north of the intersection of Vermont and Wisconsin
 - Vermont St – Wisconsin Ave to Michigan Ave
 - Michigan Ave – Vermont St to Plymouth St
- The Villa Park Police Department will be notified of the need for this parking situation and should accommodate residents accordingly.

We fully understand that this work will be one of the most inconvenient portions of the project for residents but would like to emphasize that this will mark a substantial move towards completion of the project.

All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department via email at engineering@invillapark.com or by phone at (630) 834-8505 between the hours on 7:30 a.m. and 4:00 p.m.. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
