**RE: Michigan and Vermont Street Improvements  
Temporary Loss of Driveway Access & Detour Notice**

Dear Resident:

Construction of the Michigan and Vermont Street Improvements Project has reached the point where the installation of new concrete on Michigan Avenue is ready to begin. This work includes the replacement of all curbs, public sidewalk, and driveway aprons. All driveway aprons on Michigan will be replaced with concrete. Concrete installation is expected to begin Tuesday, August 29, 2023 and will take approximately 7 to 10 days to complete, weather and other circumstances permitting.

**Please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Tuesday, August 29, 2023.**

Beginning Monday, August 28, 2023 the intersection of Michigan and Plymouth will be closed to all traffic while the intersection is paved with new concrete. This closure will last approximately one week as well. A temporary detour route will be signed.

During this time:

- Residents are asked to park outside of the project area during the day where parking is normally permitted. Areas zoned as "No Parking" still apply. The project area consists of North Michigan Avenue from Vermont Street to Plymouth Street.
- Residents may park within the project area on North Michigan Avenue between the hours of 5:00 PM. and 6:00 AM. All vehicles must be out of the way by 6:00 AM.
- Residents with special needs should contact the public works department so that we can accommodate as best as possible.
- The Villa Park Police Department will be notified of the need for this parking situation and should accommodate residents accordingly. You do not need to register with the police department to park on the street overnight.

**PLEASE SEE REVERSE**

We fully understand that this work will be one of the most inconvenient portions of the project for residents but would like to emphasize that this will mark a substantial move towards completion of the project. All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department via email at [engineering@invillapark.com](mailto:engineering@invillapark.com) or by phone at (630) 834-8505 between the hours on 7:30 AM and 4:00 PM. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
