RE: North Princeton Water Main Improvement Project

Dear Resident:

Construction of the **North Princeton Water Main Improvement Project** has now reached the point that the contractor is ready to begin installing new curb and gutter and driveway aprons on the east side of the street. This work is tentatively scheduled to begin on **Thursday, April 14, 2016**. During this time, crews will be setting a string line and preparing the roadway for curb installation. This work will be followed by the pouring of the new concrete curb and gutter. Driveway apron work on the east side is also expected to take place during this time.

In order to allow this work to take place, residents on the east side of the street will not have access to their driveways for a period of approximately two weeks, weather and other circumstances permitting. During this time, residents will be allowed to park during the day and overnight on side streets, where permitted, and will be allowed to park overnight on North Princeton Avenue, where permitted, between the hours of 5:00 PM and 6:00 AM. Please see the list of locations approved for parking on the reverse of this letter. The Villa Park Police Department will be notified of the need for this parking situation, and should accommodate residents accordingly. **We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Thursday, April 14, 2016.**

We fully understand that this work will be one of the most inconvenient portions of the project for residents, but would like to emphasize that this will mark a substantial move towards completion of the water main project. After the water main project is complete, full street improvements, including curb and gutter on the west side and reconstruction of the entire pavement, are expected to begin later this year.

As always, all questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.

Residents may park during the day and overnight on the following streets, where permitted. The Villa Park Police Department will be notified of the need for overnight parking on these streets, and should accommodate residents accordingly.

STREET	FROM	TO	SIDE
Princeton	Plymouth	Ridge	East
Terrace	Yale	Ardmore	South *
Yale	Terrace	Plymouth	East

* Residents may disregard the “No Parking, 7AM - 9 AM, Mon-Fri” signs on the south side of Terrace Street.

Residents may also park on the west side of the street on North Princeton Avenue between Terrace and Plymouth between the hours of 5:00 PM and 6:00 AM. All vehicles parked on Princeton must be removed from the street by 6:00 AM in order to accommodate construction operations.
