RE: 2018 South Michigan Avenue Improvement Project Driveway Notice

Dear Resident:

The construction project on Michigan Avenue from Jackson Street to Madison Street includes the installation of a new large diameter storm sewer under Michigan Avenue. While the storm sewer is being installed in front of your house you will not have access to your driveway for a period of approximately two days, weather and other circumstances permitting.

During this time, residents will be allowed to park during the day and overnight on side streets, where permitted, and will be allowed to park overnight on your street, where permitted, between the hours of 5:00 PM and 6:00 AM. The Villa Park Police Department will be notified of the need for this parking situation, and should accommodate residents accordingly. **We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on _____.**

As always, all questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
